

Plate Boundary Model PB2002
 by Peter Bird, U.C.S.B.
 This model is available at:
<http://www.earthsci.ucsb.edu/~bird/plates/>
 or
<http://www.earthsci.ucsb.edu/~bird/plates/PB2002.pdf>
 It is derived from the model of Bird (2003) published in *Journal of Geophysical Research*, 108, 4303, doi:10.1029/2001JB002034. The model was updated to reflect new data on plate boundaries and plate names. The model was updated to reflect new data on plate boundaries and plate names. The model was updated to reflect new data on plate boundaries and plate names.
